Welcome

2

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

About Conference

The 4th International Conference on Gynecology and Obstetrics will be held on **May 11–12, 2026**, in **Kuala Lumpur, Malaysia**, under the theme "**From Research to Practice: Innovations in Women's Health**." This global forum will bring together leading professionals, researchers, and experts to share the latest advancements, research findings, and clinical practices in gynecology and obstetrics. The event offers an enriching platform for knowledge exchange, collaboration, and professional growth, aimed at improving women's healthcare outcomes worldwide. Through keynote speeches, scientific presentations, interactive sessions, and networking opportunities, the conference fosters the integration of cutting-edge research into clinical practice. Join us in shaping the future of gynecology and obstetrics by contributing your insights and expertise at this prestigious international gathering...

Conference Schedule

3

Day 1 - May 11, 2026 (Monday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - May 12, 2026 (Tuesday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Presentations

4

4th International Conference on Gynecology and Obstetrics

May 11-12, 2026 | Kuala Lumpur, Malaysia

SPEAKER PRESENTATIONS

Title: Beyond boundaries: Retroperitoneal anatomy in advanced robotic gynecological surgery

Saqib M Ahmad, Hurley Medical Center, USA

Title: Power through partnership: What mitochondria can teach us about leadership, collaboration, and resilience in women's healthcare systems

Brian McCully, Monash University, Australia

Title: Radio-frequency therapy for vaginal dryness in postmenopausal women and cancer survivors: Seven years of clinical experience

Ihsan Naimat, Jordan university, Jordan

Title: Mode of delivery of women with complicated pregnancy in a tertiary hospital setting in Bangladesh

Colonel Morsheda Tania Rashid Khan, Contingent Commander, Bangladesh

Title: Effectiveness of Flora lifestyle modification on improving sperm morphology and achieving successful pregnancy

Flora Tajiki, Iran Medical Council, Iran

Title: Enoxaparin-induced abdominal wall haematoma in pregnancy: A case report

Nnamdi Ndukwu, University Hospital of Northampton, UK

Title: Know the anatomy of your intrauterine device: A case of hormonal sleeve displacement resulting in concerns over foreign body loss

Weerawaroon Mavichak, Royal Surrey County Hospital , UK

Title: Endometrial cancer: Evolution of diagnosis and treatment strategies with focus on ESGO/ESTRO/ESP Guidelines 2025

Serhat Yuksel, Ruhr University Hospital, Germany

Title: The impact of gestational weight gain on preeclampsia during COVID-19 pandemic

Lalu Rifa Hadi Anugra, Mataram University, Indonesia

Presentations

5

Title: Acute fatty liver in pregnancy. Case report

Tamara Espinosa Martinez, Cancun General Hospital "Jesus Kumate Rodriguez", Mexico

Title: Incidence of hot flashes in Indian women

Shobhana Mohandas, Sun Medical Centre, India

Title: Evaluation of abnormal cervix with Pap-smear, colposcopy and cervical biopsy in rural western U.P. at tertiary care hospital

Ani Chandanan, TS Misra Medical College and Hospital Lucknow, India

Title: Case report: Spontaneous liver rupture associated with HELLP syndrome

Sandya Dayarathna, Castle Street Hospital for Women, Sri Lanka

Title: Anaesthetic course in a rare case of lupus vasculitis presenting as mononeuritis multiplex for caesarean section

Lydia Nithian, MAPIMS, MGR University, India

Title: Optimizing delivery timing in selective fetal growth restricted dichorionic diamniotic twins: The critical role of doppler assessment

Deepti Ghosh, Chittaranjan Seva Sadan College of Obstetrics, Gynaecology and Child Health, Kolkata, India

Title: The value of intrapartum ultrasound in predicting mode of delivery: A prospective cohort study

Gamal Omar Ghany, Cairo University, Egypt

Title: Fertility outcome following ovarian stimulation in infertile women having pretreatment with Levonorgestrel Releasing Intrauterine System (LNG-IUS) versus dienogest for symptomatic adenomyosis

Nur Wa Bushra Jahan, Directorate General of Health Services, Bangladesh

Title: Giant retroperitoneal mass during pregnancy with an unexpected diagnosis: Ovarian cyst or something else?

Maria J Guaman, Bolivian Catholic University of San Pablo, Bolivia

Title: Transcript factor NRF2 and apoptosis proteins: New benchmarks in the diagnosis of early pregnancy loss

Olga Tishkova, Astrakhan State Medical University, Russian Federation

Presentations

6

Title: Maternal knowledge, perception, and attitude regarding the management of childhood febrile illness

Nure Ishrat Nazme, CMH Ramu, Bangladesh

Title: A comparative study between the rate of caesarean section in Robson TGCS -1 pregnant women in public versus private hospital in Chattogram

Shahana Begum, Chittagong Medical College, Bangladesh

Title: Association between non-reactive cardiotocography and increasing caesarean section rates: Impact on neonatal outcomes

Rahima Khatun, Ad- din Women's Medical College and Hospital, Bangladesh

Title: Broken umbilical artery catheter lodged in internal iliac artery: A rare case report of a serious complication and successful retrieval

Namita Sahu, Seth G.S Medical College & Kem Hospital, India

Title: Anesthesia management in pregnant patients undergoing laparoscopic appendectomy: A descriptive study

Muhammad Ali Siddiqui, Community Based Medical College, Bangladesh

Title: Pre-exposure prophylaxis during pregnancy and breastfeeding: A South African perspective

Dumisani Ndlovu, Sefako Makgatho Health Sciences University, South Africa

Title: Preload during spinal anaesthesia for caesarean section: Comparison between crystalloid and colloid solutions

Fatema Akter, Southern Medical College, Bangladesh

Title: Myomatosis erythrocytosis syndrome with normal serum erythropoietin: An unusual presentation of a rare paraneoplastic syndrome

Ishika Sahu, Sri Ramachandra Medical College and Hospital, India

Title: Glioblastoma during pregnancy. Case report

Karen Alejandra Guzman Hernandez, Specialist in Gynecology and Obstetrics, Mexico

Title: Effectiveness of preoperative teaching protocol on short- and long-term postoperative outcomes among women undergoing hysterectomy

Thilagavathi K, University of Buraimi, Oman

Presentations

Title: A presentation of a study of training and working with bilingual women

Susan Anne Smith, Australian Breastfeeding Association, Australia

Title: Maternal and fetal dyslipidaemia and differential expressions of proteins of lipid metabolism are associated with fetal overgrowth in diabetes-in-pregnancy

Kamila Thalapalliyil, JIPMER, Puducherry, India

Title: "Dr P P Patil Stitch" for the prevention and cure of atonic PPH

Phadnisrao P Patil, Private Practitioner, India

Title: Ubiquitous analysis of thyroid disorders in reproductive age group females in rural field practice area of tertiary care hospital and its correlation with body mass index

Alina Mahewash Mohd Sajid, Researcher, India

Title: Treatment of infertility due to premature menopause using the Tajik method: A case report

Farideh Yazdanpanah, Larestan University of Medical Sciences, Iran

Title: Diagnosis and treatment of birthing injuries causing pelvic floor dysfunction: Novel applications and results

Imran James Siddiqui, Founder and President, Regenerative Pelvic Institute, USA

Title: Clinical manifestations and management of prurigo in pregnancy: A systematic review

Dana Hendie, Mohammed Bin Rashid University of Medicine and Health Sciences, UAE

Title: Para vaginal dermoid cyst: A diagnostic dilemma

Joysree Saha, Popular Medical College, Bangladesh

Title: Intrapartum sepsis audit

Fatimah Al-Rufaye, Dorset County Hospital, UK

Title: Comparative evaluation of high- vs low ovarian stimulation doses in PCOS patients: Impact on ICSI outcomes

Hesham Ahmed Kadry, Alexandria University, Egypt

Presentations

8

Title: Survival and reproductive outcome of malignant ovarian germ cell tumor after treatment: An experience in a tertiary referral hospital

Nasrin Hossain, National Institute of Cancer and Research Hospital (NICRH), Bangladesh

Title: Cesarean scar ectopic pregnancy: Clinical risk factors, management strategies, and outcomes — A two-year experience at Prince Sultan Military Medical City, Riyadh

Abdullah Aldawsari, Prince Sultan Military Medical City, Saudi Arabia

Title: Effect of letrozole on hyaluronic acid concentration of the endometrial wash

Sarab Khalaf Hamood, Kirkuk Directorate of Health, Iraq

Title: The correlation of ultrasonographic cervical length at term to the mode of delivery: A systematic review and meta-analysis

Vernie Kristine B Constantino-Albano, Mariano Marcos Memorial Hospital and Medical Center, Philippines

Title: Early detection of breast cancer using AI- assisted POCUS and multi-omics

Majd Oteibi, Validus Institute Inc, USA

Title: Determinants of institutional delivery among adolescent mothers in Bangladesh: A mixed methods study

Nasrin Sultana, Institute of Health Economics, Bangladesh

Title: Efficacy evaluation of aspirin plus prednisone or prednisolone in IVF/RIF patients: A systematic review and meta-analysis

Xin Tong, Nanjing Women and Children's Healthcare Hospital, China

Title: Incidence of congenital syphilis and adverse pregnancy outcomes among syphilis seropositive pregnant women according to the adequacy of penicillin treatment in tertiary care hospital, Thailand

Jiraporn Luengmettakul, Charoenkrung Pracharak Hospital, Thailand

Title: Navigating rare coagulation disorders in pregnancy: A case series emphasizing multidisciplinary care

Yugantika Tomar, Kasturba Medical College, Manipal, India

Title: Sonographic placental localisation and extent of invasion in scarred versus non scarred uterus presenting with antepartum haemorrhage and its correlation with obstetrical outcome – A prospective study

Ayushi Gupta, SN Medical College, India

Presentations

9

Title: Prevalence, risk factors, and bacterial pathogens responsible for surgical site infection after cesarean section: A retrospective study

Oleta Onicka Pluck, General Medical Practitioner, Guyana

Title: Endometrial carcinoma in a 26-year-old obese woman with polycystic ovary syndrome: A case report

Bubli Ahmed, Jalalabad Ragib Rabeya Medical College, Bangladesh

Title: Impact of sperm DNA fragmentation thresholds on blastocyst development

Ratna Agrawal, Ashoka Advanced IVF, India

Title: Impact of physical activity on ovarian response: A prospective study among in vitro fertilization patients

Fatima Olaso, Instituto IGIN, Spain

Title: Emergency twin births in ambulances: A qualitative case study from Sindh, Pakistan

Umair Maqbool, Sindh Integrated Emergency and Health Services (SIEHS), Pakistan

Title: Influence of insulin sensitizers on Anti-Müllerian hormone in polycystic ovary syndrome

Aleksandra Stevchevska, Ss. Cyril and Methodius University in Skopje, North Macedonia

Title: Effectiveness of HPV E6/E7 mRNA test to triage primary screen positive women in cervical cancer screening

Mohuwa Parvin, Bangladesh Medical University, Bangladesh

Title: Better scores, safer mothers: A re-audit of VTE thromboprophylaxis

Warda Maqsood, St. Lukes General Hospital Kilkenny, Ireland

Title: The impact of oxidative stress on quality of life in women with endometriosis and adenomyosis

Aidana Amanzhankzy, Marat Ospanov West Kazakhstan Medical University, Kazakhstan

Title: Spontaneous septostomy of the dividing amniotic membrane in diamniotic pregnancies - Literature review and case report

Camelia Constantinescu; Georgiana-Sanziana Aioanei, University of Medicine and Pharmacy Carol Davila Bucharest, Romania

Presentations

10

Title: Prevalence and diagnostic significance of chromosomal abnormalities in prenatal screening: A laboratory-based study

Ankita R Bhatiya, Bhaikaka University, India

Title: Sirenomelia or "Mermaid Syndrome" in a Twin Pregnancy: A Case Report

Annie Fatima Siddiqui, Datta Meghe Institute of Higher Education and Research, India

Title: Implementation of a prophylactic antibiotic program in cesarean section surgery at Saigon International Obstetrics and Gynecology Hospital

Le Nguyen To Oanh, Saigon International Obstetrics and Gynecology Hospital, Vietnam

Title: Norepinephrine for spinal anesthesia-induced hypotension in cesarean section: A systematic review

Fitri Sepviyanti Sumardi, Universitas Pembangunan Nasional Veteran Jawa Timur, Indonesia

Title: A comparison of clinical outcomes between laparoscopic and open abdominal myomectomy in women with multiple symptomatic uterine fibroids: A systematic review and meta-analysis

Shamaila Ibrahim, Homerton Healthcare Foundation and Kings College Hospital, UK

Title: Assessment of high serum cystatin C as an early marker of renal impairment in pre-eclampsia

Tahsnin Ferdoues, 250 Bedded General Hospital, Bangladesh

Title: Donor anonymity: potential downsides of generalized abolition

Serena Sgargi, IIRM-Interdisciplinary Institute of Reproductive Medicine, Italy

Title: Urethral ligament plication with a midline approach for stress urinary incontinence: Preliminary experience and outcomes

Aybuke Tayarer, Kırşehir Ahi Evran University, Turkey

Title: Cardiac complications in women with hypertensive disorders of pregnancy undergoing a cesarean section: Role of intraoperative hemodynamic monitoring

Wajeeha Fatima, Mid City Hospital, Pakistan

Title: Effectiveness of training on post-miscarriage care methods on the knowledge and attitudes of posyandu cadres to improve the quality of guidance of family planning village program in West Bandung

Lina Haryani, Jenderal Achmad Yani University, Indonesia

Presentations

11

Title: Atraumatic cervical canal access: Preclinical evaluation of CerAMvix self-expanding nitinol stent and integrated optical navigation system

Roxana Belciu-Kerns, Amarastesia, USA

Title: Enhancing PARP inhibitor efficacy by targeting DNA repair and drug efflux to amplify the cGAS- STING pathway for chemotherapy-immunotherapy in ovarian cancer

Yi Sun, Peking Union Medical College, China

Title: The management of postsurgical chronic hypoparathyroidism in pregnancy and lactation: A case report

Ekaterina Bibik, Endocrinology Research Centre, Russian Federation

Title: Malignant peripheral nerve sheath tumor of the urethra: A case report

Sara Esturo, Galdakao–Usansolo University Hospital, Spain
