SCIENTEX CONFERENCES
Where Holistic Knowledge Blooms

5th International Conference on
Gynecology and Obstetrics

Theme: Advancing Women's Health: Bridging Clinical Excellence and Global Innovation

Date
April 22-23, 2027

Venue
Paris, France

SCAN ME

Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. **(click here for more)**

About Conference

The **5th International Conference on Gynecology and Obstetrics** will arrive in **Paris, France** on **April 22-23, 2027** and with it will come an extraordinary opportunity for the global women's health community to come together, share knowledge, and drive meaningful change in clinical practice worldwide. To be hosted in the heart of Europe and organised under the inspiring theme "*Advancing Women's Health: Bridging Clinical Excellence and Global Innovation*," this landmark conference will be designed for every professional who believes that the future of women's healthcare depends on the quality of the conversations we have today... **(click here for more)**

Conference Schedule

Day 1 - April 22, 2027 (Thursday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - April 23, 2027 (Friday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Presentations

5th International Conference on Gynecology and Obstetrics

April 22-23, 2027 | Paris, France

SPEAKER PRESENTATIONS

Title: Reducing postoperative opioids after minimally invasive hysterectomy with suzetrigine at a Rural Louisiana Medical Center: A quality improvement project

Kevin White, VCOM, LSU, USA

Title: Endometrial immune profiling: A new dimension in personalized assisted reproductive technology

Nathalie Ledee, Assisted Reproductive Technology Center, Bluets Hospital, France

Title: Dr P P PATIL Stitch

Phadnisrao Pandharinath Patil, Patil Hospital, India

Title: Organ-preserving surgery for serous borderline ovarian tumors in pregnant women: A comparison of surgical, morphological, and perinatal outcomes with a reproductive-age control group

Ekaterina Erema, Moscow Regional Research Institute of Obstetrics and Gynecology named after Academician V.I. Krasnopolsky, Russian Federation

Title: Impact of FES-PET on therapeutic decision-making in bilateral luminal breast cancer: A case report

Maria Silveira Rea, Santa Casa de São Paulo School of Medical Sciences, Brazil

Title: Results of conservative and ultra-conservative minimally invasive surgery for borderline ovarian tumors in women of reproductive age

Alexandr Popov, Moscow Regional Scientific Research Institute of Obstetrics and Gynecology, Russian Federation

Title: Level of anxiety in women breast cancer survivors

Vitor Alves Marques, State University of Goias, Brazil

Title: HPV DNA testing versus liquid-based cytology for detection of premalignant cervical lesions in women with an unhealthy cervix: Real-world evidence from a high-burden setting

Shreya Raj, Dr Baba Saheb Ambedkar Medical College and Hospital, India

Title: Impact of artificial intelligence on breast care pathways and future perspectives

Virginia de Assis Silva, Institute of Oncology Medical Sciences, Brazil

Title: Quality guide for pathology laboratories, gynecological and anal cytology

Piedad del Carmen Campo Rodríguez, District Health Secretariat of Bogota, Colombia

Presentations

Title: Acute haemorrhage requiring operative repair after potassium permanganate-induced vaginal chemical burn: A case report

Sarah Sadique, Eastern Health, Australia

Title: Analysis of mood disorder in women survivors of breast cancer

Naiany Pereira Silva, Federal University of Goias, Brazil

Title: Integrating mental health into obstetric practice: Building a model for perinatal mental healthcare

Slavica Arsova, University Clinic of Psychiatry – Skopje, North Macedonia

Title: Risk factors for hydatidiform mole and their association with maternal age and husbands' occupations

Effat Zahan Abdullah, Rangpur Medical College Hospital, Bangladesh

Title: Study of the role of mast cells in reproductive processes

Olga V Valikova, Pacific State Medical University, Russian Federation

Title: Harlequin ichthyosis: A rare congenital ichthyosis case report

Jesika Rizvi Tamanna, Mugda Medical College and Hospital, Bangladesh

Title: Primary pulmonary epithelioid trophoblastic tumor co-existing with choriocarcinoma: A case report and review of literature

Elizabeth K Jacinto, University of the Philippines College of Medicine, Philippines

Title: Efficacy of sublingual misoprostol versus intravenous tranexamic acid in reducing blood loss among full-term pregnant women undergoing primary lower segment caesarean section: A randomized controlled trial

Nikhitha B, Adichunchanagiri Institute of Medical Sciences, India

Title: The evaluation of obstetric outcome of postdated pregnancy

Most Zakia Aktar, Islamic University, Bangladesh

Title: Prevention of tuberous sclerosis via PGT-M and DUOSTIM: A successful clinical case

Juan Eduardo Anguiano Franco, VIDA Instituto de Ciencias, Mexico

Title: Beyond the pathogen: Vaginal microbiome disruption in women with recurrent vaginal infections

Cristian Hidalgo Pajuelo, ILAGINE – Instituto Latinoamericano de Ginecología, Peru

Presentations

Title: AI-enabled point-of-care ultrasound for gestational age estimation by non-specialist users in Sierra Leone: A mixed-methods evaluation of agreement, feasibility and acceptability

Scarlet Barker, King's College London, UK

Title: Persistence of high-risk human papillomavirus and cervical intraepithelial neoplasia: The role of reproductive, microbiological, and immunological factors

Baizhanova Aliya Nagymetqyzy, Asfendiyarov Kazakh National Medical University, Kazakhstan

Title: Effect of adding human umbilical cord mesenchymal stem cell-derived secretome on sperm quality improvement by swim up method

Binarwan Halim, Universitas Prima Indonesia, Indonesia

Title: Menstrual alterations with COVID-19 infection and vaccination: A narrative review

Elizabeth Contreras Vargas, Escuela de Medicina Intermédica, Mexico

Title: Spontaneous postpartum hemoperitoneum in a puerperal patient with suspected endometriosis: A rare obstetric emergency

Fernanda Pereto Meyer, ULS Cova da Beira, Portugal

Title: Women-centered cervical cancer prevention in a low-resource setting: A case study of the lily project, Nicaragua

Kammi K Schmeer, The Ohio State University, USA

Title: Endometrial changes in infertile women with polycystic ovary syndrome after taking letrozole in comparison to clomiphene citrate

Ummul Khair Mahmuda, Dhaka Medical College & Hospital, Bangladesh

Title: Conservative management of a caesarean scar ectopic pregnancy with positive embryo's cardiac activity: A rare case report

Zakia Afroze, Chittagong Medical College, Bangladesh

Title: Effectiveness of using 'telenursing enabled home care' Vs 'patient care information booklet' on quality of life among perimenopausal and postmenopausal women attending Obstetrics and Gynaecology OPD: A randomized controlled trial

Bhim Singh, Postgraduate Institute of Medical Education and Research, India

Title: From biomarkers to live births: Reproductive and oncologic outcomes of fertility-sparing treatment in young women with endometrial cancer

Evgeniya Sivova, "Prof.V.F.Voino-Yasenetsky Krasnoyarsk State Medical University"of the Ministry of Healthcare of the Russian Federation, Russian Federation

Title: Ruptured rudimentary horn pregnancy at 33 weeks of gestation with a live baby

Ashish Singh, Max Healthcare Hospital, India

Presentations

Title: Prenatal hypophosphatasia: Ultrasound findings and diagnosis – A case report

Leidy Salazar, Military Hospital, Colombia

Title: Is it possible to treat ovarian tumor patients with multiple cycles (upto six) of HIPEC [Hyperthermic Intraperitoneal Chemotherapy]?

Manjunath Hari Ramarajapalli, People Tree Hospitals, India

Title: Factors associated with the failure of acetylsalicylic acid as a prophylactic treatment for patients at high risk for placental insufficiency

Luis Eduardo Ortega Luna, Gynecology and Obstetrics Service, Mexico

Title: Current state of anesthesia for labor

Sergei V Pismensky, Ministry of Healthcare of the Russian Federation, Russian Federation

Title: Improving radiologist agreement in the ultrasound assessment of breast cysts and creating ultrasound datasets for AI-based clinical decision support systems

Vladislav A. Odintsov, Odintsov Clinic, Russian Federation

Title: Clinicopathological predictors of HSIL recurrence after LEEP

Tugba Tekelioglu, Samsun City Hospital, Turkey

Title: Fertility outcome following ovarian stimulation in infertile women having pretreatment with levonorgestrel releasing intrauterine system versus dienogest for symptomatic adenomyosis

Nur Wa Bushra Jahan, Bangladesh Medical University, Bangladesh
